Section 4. First Aid Measures

General Information: Immediately remove any clothing soiled by the product. In the event of persistent symptoms receive medical treatment.

After Inhalation: Supply fresh air and to be sure call for a doctor. In case of unconsciousness place patient stably in side position for transportation. Immediately move exposed person to fresh air. If breathing difficulty persists or develops get prompt medical attention.

After Skin Contact: Immediately wash with water and soap and rinse thoroughly. If skin irritation continues, consult a doctor.

After Eye Contact: Rinse opened eye for several minutes under running water. Then consult a doctor.

Most Important Symptoms/Effects, Acute and Delayed: No further relevant information available.

Indication of Immediate Medical Attention and Special Treatment Needed: No further relevant information available.

Section 5. Fire-Fighting Measures

Suitable Extinguishing Media: CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

Special Hazards Arising From the Substance or Mixture: No further relevant information available.

Advice for Firefighters Protective Equipment: Because fire may produce thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full face piece operated in pressure-demand or positive-pressure mode.
